

EXTREEMA®

Inferno® Heat-Resistant Roundslings

When it comes to lifting under extreme heat conditions, the Inferno® soft sling is a game changer. The Inferno® sling is made of 100% Aramid, making it ultra-heat resistant. This means that even under temperatures as high as 392°F, the Inferno® soft sling will maintain its strength and durability.

The Inferno® soft sling is a reliable and effective solution for companies that face challenging lifting conditions and need to ensure the safety of their employees and equipment. With a working load limit of up to 110,000lbs vertical/220,000lbs basket, the Inferno® soft sling comes in a vibrant yellow color and is available in lengths ranging from 2ft to 200ft with black cover available up to 6,600lb vertical.

FOR STAGE RIGGING, The Black Inferno® is an innovative lifting solution with black cover that blends seamlessly with any set design or performance space. Not only does it provide a functional and reliable solution for your lifting needs, but it also adds to the overall aesthetic appeal of stage productions.

- ✓ **100% Aramid**
- ✓ **Ultra-heat resistant**
- ✓ **Retains strength up to 392°F**
- ✓ **Extremely low weight**
- ✓ **Flexible, soft and easy to handle**
- ✓ **Extremely low diameter**
- ✓ **High abrasion resistance**
- ✓ **Low D:d ratio**
- ✓ **Heat indicator sticker available**

WLL Vertical in LBS	Part #	Core Diameter (inches)	Weight (lbs per ft)
6,600	IF/6600/length	0.71	0.4
11,000	IF/11000/length	0.79	0.5
22,000	IF/22000/length	1.4	0.8
44,000	IF/44000/length	1.7	1.25
66,000	IF/66000/length	2.4	2
88,000	IF/88000/length	2.6	2.5
110,000	IF/110000/length	2.8	2.9
